

Blue Bronna **Wilderness Camp**

2021 PROJECT GUIDE

A list of projects that help us develop our site so that we can fulfill our vision to:

“Share Christ in a Wilderness Setting”

We are looking for people to either help fund the material for a project or come and build a project. Email us at- brent@bluebronna.org and let us know what your wishes are.

Brent—Camp Director

Wilderness Camp

CIRCULAR SWING SET

COST: \$1,000.00

Material Funded

Group to Build

This swing set will allow a family or a cabin group to sit around a campfire, be able to face each other to chat and connect all while sitting on a swing. The cost has been funded by a supporter who is seeing it as a Legacy Project. It is being built in memory of his mother and a plaque will be installed on the swing.

TENT PLATFORM

COST: \$1,800.00

Material Funded

Group to Build

This platform will have a tent put on it. The tent will house our female Jr Staff during the summer as well as groups at other times. If you have been to the camp, it is exactly like the one that is across from the office. Someone has agreed to build it . We just need someone or a group to fund it.

Wilderness Camp

DECK ON THE FAMILY CABIN

COST: \$0.00

Material Funded

Group to Build

The Family Cabin is almost finished. This deck will bring it closer to completion and will allow us to make the front and back decks usable by those who will be staying in it.

BENCHES

COST: \$up to 200.00 Each

Material Funded

Group to Build

We would like to create more places for personal reflection and solitude – similar to what the Prayer Deck gives us. These benches will be strategically placed benches around the site. They can be made out rough cut lumber or from 2x10 etc. Your family or group name can be put on a plaque and attached to the bench. We would like 3 benches.

Wilderness Camp

FENCE IN FRONT OF THE DIRECTOR'S HOUSE

COST: \$600.00

Material Funded

Group to Build

We are wanting to give a nicer look to the camp as people come into the main area. We would also like to give the Director and his family more privacy.

FURNACE IN THE DIRECTOR'S HOUSE

COST: \$1,300.

Material Funded

Someone to do the work.

The Furnace is not heating as well as it should. This furnace requires it to be reinstalled. There is no return air pipe to main floor. It is definitely not running the way it needs to be.

SEPTIC SYSTEM FOR THE FAMILY CABIN

COST: \$40,000

Material Funded

Work to do

This is a new system that will handle the needs of the new Family Cabin as well as our proposed Washhouse. We need someone who has the expertise to dig the area and someone to install the system.

Wilderness Camp

LEAN-TO OFF OF THE PROGRAM SHED

COST: \$0.00

Material Funded

Group to Build

We have a lean-to off of the Maintenance Shop to cover supplies. We would like to build one off of the Program Shed as well to cover tires and wood. We have all the supplies. We just need a couple people for a day to build it.

GAS FIREPLACES IN CABINS

COST: \$1,500 EACH

Material Funded

Person to install

In order to cut down on monthly electrical costs and to add atmosphere to each cabin, we would like to install a gas fireplace in each cabin. The Family Cabin has one and one cabin has a wood stove which is very popular.

DECK ON THE DIRECTOR'S HOUSE

Cost: \$4,000.00

Material to Fund

Group To Build

This would be in keeping with wanting to have a nice looking approach to the main area of the camp. It would also give the Director's family a nice place to sit outside.

Blue Bronna 2021 GIFT GUIDE
Wilderness Camp

As we prepare for a major expansion at the camp, there are two projects that need funding that do not require physical labor.

For both of these, the labor will be done by the company that provides the service.

POWER EXPANSION

COST: \$15,000

A bigger transformer is needed to provide the power that will be needed as we build more facilities.

GAS EXPANSION - PART 1

COST:\$7,500

The gas expansion will be in two parts. The first part is to bring in a bigger line to the Director's house and then put in a new line to the proposed Washhouse/Services Shed.

The second phase will be to do the work ourselves as we take the service to the cabins and the Cookhouse.

Wilderness Camp

OTHER SMALL PROJECTS THAT WE NEED PEOPLE TO JUST COME AND DO. THERE IS NO OR LITTLE COST THAT WILL JUST COME OUT OF OUR BUDGET.

- Fence and gate around the Wifi tower
- Cut down all the deadfall at camp
- Paint—White doors on Cook House, Outhouses, Archery Shed , and Prayer Deck table
- Need a new gas valve installed for in the Insta-hot for the sanitizing sink. The Pilot light keeps going out.
- Various plumbing fixes
- Rebuild some benches at Coat Creek
- Paint inside of Coat Creek Cook Trailer
- Build Bunk beds into one cabin
- Sand and paint table at the shop for the chapel area
- Re-lash all tarp structures
- Facia, soffit and eavestrough on Director's house
- New cover for garbage trailer
- Repair all trailer lights, mechanisms, and cosmetics

For these and other projects at camp, simply email Brent at the camp at

brent@bluebronna.org
